MEMORANDUM FOR COMMANDERS/DIRECTORS, USACE COMMANDS

SUBJECT: Heritage Asset CFO Report

1. Reference CERM-P memorandum, dated 12 Jan 99, subject: Reporting of Stewardship Resources.
2. My referenced memorandum issued policy guidance for Stewardship Resources including Heritage Assets. In that memorandum I stated that I would e-mail a listing of our FY98 submission of Heritage Assets for your review and validation. Attached is that listing which includes instructions for reviewing and submitting changes.
3. Your review and any changes should be submitted IAW the attached instructions to Mr. Zuppe, CERM-P, 202-761-1432, NLT 31 March 1999.

FOR THE COMMANDER:

Atch

//signed//  
STEPHEN COAKLEY  
Deputy Chief of Staff,  
Resource Management

## **Instructions.**

The attached file represents our FY98 CFO submission on Heritage Assets. This file was created, in part, using a list provided by the Department of the Interior of USACE properties listed on the National Register of Historic Places (NRHP). HQUSACE attempted to identify the sites by Division and type (i.e. building, structure, land, etc.).

The last page of the file contains a list of curated archeological collections represented in cubic feet. This information was gathered from annual reports prepared for the Directorate of Civil Works. You will note that the submission to DOD required the identification of numbers of archeological collections rather than curated cubic feet. The number of archeological collections provided DOD is a generalized figure representing an estimate of the number of cultural resources sites from which archeological materials have been collected and we have a low confidence level in the total accuracy of the figures.

We are requesting that you review the attached file with the purpose of providing the following information:

- a. Request that you verify the accuracy of the NRHP properties list. Are there additions, deletions? Are the categories correct? Are the properties assigned to the correct Division?
- b. Request you quantify the actual number of archeological collections curated for your Division.

As a separate action you should review your general ledger against this listing. Any Heritage Asset listed separately as a single-purpose asset should be removed from the general ledger.

**Please do not make changes to this file, but e-mail your proposed changes back to us (Mr. Zuppe) as a separate listing. Please complete this review by 31 March 99.**

HERITAGE ASSETS  
For Fiscal Year Ended September 1998  
(Quantities in Actual Amounts Except for Battlefields,  
Cemeteries, and Land Which Are in the Number of Sites and (Thousands of Acres))

(a)	(b) As of <u>10/01/97</u>	(c) <u>Additions</u>	(d) <u>Deletions</u>	(e) As of <u>9/30/98</u>
<u>Collection Type</u>				
1. Documents				
2. Works of Art				
3. Military Artifacts				
4. Non-Military Artifacts	886			886
5. Classic Weapon Systems				
6. Other				
Total Collection Type	886			886
<u>Noncollection Type</u>

11. Land	95	3		98
12. Other				
Total Noncollection Type	191	3		194
Total Heritage Assets	1,077	3		1,080

Narrative Statement

Other than multipurpose heritage assets, heritage assets are not material to the mission of the U. S. Army Corps of Engineers. Disclosures pertinent to multipurpose heritage assets is contained in the financial statements.

Heritage assets classified as Land are special land plots containing archaeological sites as listed on the National Register of Historic Places.

Heritage assets on display are assumed to be in adequate condition for display purposes, consistent with their origins, unless otherwise noted. Reported heritage assets are free of material conditions that are counter to safeguarding, adequately protecting, and properly managing those assets; they have not materially degraded while under the care of the U. S. Army Corps of Engineers. The existence of most of the un-categorized heritage assets is informally known to be adequate for display purposes, however, the condition of many un-categorized assets are unknown.
